The Solar Hierarchy energetically supports the absolutely necessary reappraisal of the Corona crimes!

Because everything can be seen in the astral, nothing can be hidden in the astral, cannot lied and nothing can be hushed up and kept secret or glossed over and whitewashed, in the astral one sees the whole naked truth.

And the official handling of the so-called "Corona pandemic" was actually a deliberately targeted and consciously designed attack on the democracy as well as on the humanity, an attack on the integrity and physical integrity, on the individual freedom, autonomy and self-determination as well as on the personal and individual further development of the people, and that for only base motives. This can not only be seen in the astral, in the ether, but above all also in the astral bodies of those involved.

Here, universal laws were deliberately violated in the form of exercise of negative power and abuse of power, claim to omnipotence, enforcing of an extremely negative and anti-human agenda, ideology, presumption, megalomania, hybris, destruction of the social, dehumanisation, hate, censorship, fraud, deceit and lies, manipulation, tampering, greed for profit, corruption, self-aggrandisement, self-righteousness, agitation, malice (malice also on an existential level), anti-integrity and homicide on a scale never seen before.

An action and procedure that will have extremely negative karmic consequences for those involved!

The energetic support has the effect, among other, that the reappraisal cannot be successfully suppressed in no case.
